

Motion Computing™

Motion M1200 Pure Tablet PC

Designed to work the way you do!

Maximize your view with the 12.1" display--the largest of any Tablet PC

At less than 3 lbs., it can go anywhere, anytime

Stay connected while roaming with the integrated 802.11b wireless technology

Full-function, robust performance PC design; features the Mobile Intel Pentium III Processor-M

Work with your Motion M1200 at your desk with the unique FlexDock as well as the rest of the Motion accessories

The Motion M1200 is an ultra-mobile Tablet PC designed to work the way you do! Input, search, edit, highlight or find/replace in your current applications using a keyboard or the pen. Take notes in meetings, enter client information, or send an email. Your emails can even be sent in your own handwriting. With the built-in wireless feature, you can search the web, check for updates or sales information in your company database anywhere, anytime. Invite others into a private adhoc network to discuss and edit a customized presentation online minutes before a client meeting.

Your options are now endless. With all this functionality at less than 3 lbs. and sporting a rugged magnesium structure, you will want to take the Motion M1200 with you everywhere!
