The Twinhead project notebook build-in 2.4GHz wireless lan module model number is 31XXXXXX.

This project has two connectors on the PCB board. Twinhead will take out one connector in this project model number 31XXXXXX; the EUT just has one connector. If Twinhead want to add one connector on the PCB board, Twinhead will inform laboratory and get approval in the future.

This project's only has one antenna, which is use as transmit and receive.

Sincerely,

James Lai
