Subject: Remote Control from Advanced Bionics

The following changes were done to the new Remote Control:

1. Model Number change from SC-5210 to SC-5212.
2. Replaced the CPU from a Hitachi to a Texas Instrument.
3. New firmware required to run the Texas Instrument CPU.
4. Keyboard de-bounce was updated for better "feel".

Please let me know if you have any more questions. TNX!!!
