RE: FCC ID Q4D-PSC5110W

To Whom It May Concern:

This letter is to document that Advanced Bionics FCC ID number should contain a hyphen: Q4D-PSC5110W. The way that the data entry screen is set up on the website (a box for 3 digits and then a separate box) led me to believe that the hyphen was automatically inserted, and thus I did not put one in the second box.

Sincerely,

Rebecca Rice
Senior Regulatory Affairs Specialist
