Subject: Manufacturer's Declaration for compliance with FCC KDB Guidance 996369 D01 FOR Licensed Modular Transmitter Approval similar to Sec 15.212

FCC ID: Q5N-QT5000

Dear Si/Madam:

The applicant hereby confirms that the following requirements per FCC KDB# 996369 for a Licensed Modular Transmitter are met for this Modular Approval certification:

Modular Approval Checklist:

Modular approval requirement	Yes	No
1. The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly;	YES	
2. The modular transmitter must have buffered modulation/data inputs (if such inputs are provided) to ensure that the module will comply with requirements under conditions of excessive data rates or over-modulation.	YES	
3. The module must contain power supply regulation on the module.	YES	
4. The modular transmitter must comply with the antenna requirements of Section 15.203 and 15.204(c).		Not applicable for licensed module
5. The module must demonstrate compliance in a stand-alone configuration.	YES	
6. The modular transmitter must be labeled with its own FCC ID number, and, if the FCC ID is not visible when the module is installed inside another device, then the outside of the device into which the module is installed must also display a label referring to the enclosed module. This exterior label can use wording such as the following: "Contains Transmitter Module FCC ID: XYZMODEL1" or "Contains FCC ID: XYZMODEL1." Any similar wording that expresses the same meaning may be used. The Grantee may either provide such a label, an example of which must be included in the application for equipment authorization, or, must provide adequate instructions along with the module which explain this requirement. In the latter case, a copy of these instructions must be included in the application for equipment authorization.	YES	
7. The modular transmitter must comply with any specific rule or operating requirements applicable to the transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements. A copy of these instructions must be included in the application for equipment authorization	YES	
8. The modular transmitter must comply with any applicable RF exposure requirements. For example, FCC Rules in Sections 2.1091, 2.1093.	YES
