Re: FCC and IC Product Certification

Dear Mr. Crenshaw,

By this letter Iridium Satellite LLC authorizes BriarTek to apply to the FCC and Industry Canada for Class 2 Permissive Changes under the FCC ID Q639602 and the corresponding Industry Canada ID 4629A-9602, for a body worn device with integrated GPS and Blue-tooth functionality. BriarTek must secure FCC and IC product approvals before marketing this device and is responsible for all cost associated with this change.

Sincerely,

  
Donna Bethea-Murphy  
VP Regulatory Engineering
