Gentlemen:

3Si Security Systems respectfully requests confidentiality of certain materials provided with the submission of the MCU-102A under FCC ID: Q6K-MCU102A in accordance with FCC Regulations 0.459. The confidentiality request applies to the following exhibits:

10-0184 – Schematics.pdf
10-0184 – System Block Diagram.pdf
10-0184 – Theory of Operation.pdf

The MCU-102A has been developed at considerable effort and expense by 3Si Security Systems. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,
