Subject: Model Equality Attestation

We,
3SI SECURITY SYSTEMS INC,
101 Lindenwood Drive
Suite 200
Malvern, PA 19355 USA

hereby attest that the RF board termed 3XGRT_US can be used interchangeably in two of our products, identified below.

RF parametric performance of model AT140704US and AT140720US is determined by the 3XGRT_US sub-assembly component. As summarized below, model AT140704US includes the 3XGRT_US and the 3XGAEB*) boards. Model AT140720US contains 3XRT_US board only. The two models have different housings.

3SI Model: AT1400704US	3SI Model: AT1400720US
FCC ID: Q6KAT140704A	FCC ID: Q6KAT140720A
IC ID: 5043A-AT140704A	IC ID: 5043A-AT140720A
3XGRT_US + 3XGAEB*)	3XGRT_US only
Housing: 4.5" x 4.5" x 0.75"	Housing: 4.2" x 2.5" x 0.7"
Identical Firmware	
Identical Internal Antennas	
Identical PCB layout and component placement	
Identical Schematic and component values	

*) 3XGAEB = Accessory Expansion Board (digital I/O and charger board)
