

## **Request to correct/supersede exhibits**

Device Type: ZXV10 W300  
FCC ID: Q78-ZXV10W300V2  
Date of Grant: 6 December 2006

To Whom It May Concern:

We revised the Test Report and the MPE Calculation because of a wrong output power mentioned in this documents.

Please contact us if you have any additional questions.

Best Regards

**Morlab**
