RE: FCC ID: Q7V-1F0002RDTX_ATCB001697
Attention: Tom Marks

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Please note that no letter requesting confidentiality has been provided. Consequently, no exhibits will be listed as confidential. If confidentiality is to be requested please provide the appropriate request letter listed that applicable and appropriate exhibits.
2. Please complete the 731 giving the proper equipment class in section 4a and the frequency in section 6.
3. Please provide information on the type of antenna used with this device. Please note any antenna under 15.249 must meet the requirements of 15.203. Please note that use in a law enforcement vehicle does not exclude the requirements of the antenna for a part 15 device. If the antenna connectors are not unique connectors then the device must be professionally installed and this must be made clearly know in the manual.
4. Please provide a test report for this device. Once the test report has been provided, further review can proceed.

The items indicated above must be submitted before processing can continue on the above referenced application.   Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
