Ref: FCC Class II Permissive change for FCC ID: Q9DAP175

Applicant: Aruba Networks

Dear Examiner,

This is to request a Class II Permissive change for FCC ID: Q9DAP175 originally granted on 11/11/2010 (date).

The change under this application is to add model numbers due to adding an alternative device configuration with internal DC power supply.

I attest that the certified device will not be capable of ad-hoc mode operation outside of the grant conditions.

Sincerely,

A handwritten signature in black ink, appearing to read "Ivaylo Tankov".
