

Electronic Labeling

AP-175, AP-175AC and AP-75DC

The device is electronically labeled and the FCC ID:Q9DAP175SDR will be displayed via the controller WebUI under the about menu. User documentation provides a description of the method to access the FCC ID.

Reference: 784748 D01 Labeling Part 15 &18 Guidelines v07A software defined radio (Section 2.944) may provide permanently affixed labels according to standard Certification labeling requirements (see 2.2 Certification (labeling requirements) above) or electronic labeling.
