ATTESTATION

FCC ID: Q9DAPEX0365367
Product: Access Point
Model: APEX0365, APEX0367

There is a typo in the Internal Photo, the antenna photos of APEX0365 and APEX0367 are misplaced, we have to update the internal photo of FCC ID: Q9DAPEX0365367, and we declare that

1. there is no change in hardware or in existing RF relevant portion.
2. the EUT we tested is the one we superseded,
3. and the antenna information in report does match the superseded EUT photo, it is just a typo.

Your understanding will be highly appreciated.

Sincerely,
