

Identification Label -- Pursuant to 47 CFR 2.925 and 2.1033(c)(11)

1.1 Location

On the rear (back) side of the radio product chassis, (see also External Photos).

1.2 Type

The label is of a white polyester film laminate with a pressure sensitive adhesive backing. The adhesive is a permanent type acrylic with minimum peel strength of 5 lbs/in.

1.3 Markings (Text)

The FCC label shown is representative of the label that will appear on the radio when in production.

Figure 1.3.1. Representation of FCC Label information.

This label will be placed on the equipment as shown below. Other information may also be included on this label, and other labels may also be present.

Figure 1.3.2. Location of FCC Label

Please note that this label and its placement complies with the requirement of FCC Rule 47 CFR 2.925(d) that the label be permanently affixed to the product, and be readily visible to the purchaser at the time of purchase.

The product's Market or Trade Name is indelibly printed on the face of the product, as shown in External Photos.
