Dear Mr. Hardt

Response to the email:

We do not find as sufficient the justification for confidentiality of external photos. We propose superceding (deleting from public view) the first exhibit of external photos showing the inside of the case and circuit board. The second exhibit has only photos of the exterior of the case and is sufficient for filing purposes. This exhibit would then not be held confidential.

<Redline Communications > We agree with your proposal to have the second exhibit, external photos, available for public viewing.

We have updated the confidentiality letter that can replace the previous versions.

Sincerely,

Rod Cronin
