**RE: Class II Permissive Change Filing for FCC ID QCI03-00099-21**

The purpose of this application is to apply for a Class II permissive change to our Senteo system, model number 03-00099-21 (Receiver/Base Station), certified under FCC ID QCI03-00099-21, in accordance with 2.1043 of the Commission rules.

The changes made to the product are summarized below, and have been fully described in the exhibits submitted with the filing.

- 1.) TI CC2430 – Change from Rev D to Rev E
- 2.) Removed components no longer required for Rev E
- 3.) Update firmware
- 4.) Optimized components used for antenna matching

The product has been retested, and found to continue to comply.

Per earlier submissions, we continue to request that the details of the changes be held as confidential, as the public disclosure of this information might be harmful to our company, and provide unjustified benefits to our competitors.

Please do not hesitate to contact me should you require and further information.

Yours truly,

**SMART Technologies ULC**
