

Date : November 23, 2022

Dear Sir/Madam,

We inform you that our product is disabled and cannot be used as shown below.

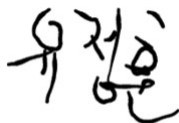

FCC ID: QDMPPR42

'ac 20/40 mode is not used'

This product does not use 802.11ac VHT20/40 mode in the 5 GHz frequency band.

Users do not have access to change the country code, channel plan or power setting.

Sincerely Yours,

---
