

To whom it may concern

Hereby I request for the dismissal of below grant:

FCC ID: QDS-BRCM1005-D  
Application\_id: TC403078  
Date on Grant: 05/28/2003  
Equipment Class: Part 15 Spread Spectrum Transmitter  
Frequency Range: 2402.0 - 2480.0 MHz

Reason:

The device(s) in this Filing contains a WLAN transmitter and BT transmitter which are not co-located. Because the existing grant for the BT Module (FCC ID: IXMUB22111) required a gap of 2.5 cm to the human body it wasn't applicable for device(s) within this Filing. Therefore above mentioned grant covered the BT TX also.

Since the modular Approval for the used BT transmitter (FCC ID: IXMUB22111) has been changed and the gap to human body is removed it isn't necessary to cover the BT Transmitter within this Filing.

Please remove only BT grant with Application Id: TC403078 from FCC ID: QDS-BRCM1005-D

Best Regards
