Hereby declare under our sole responsibility, that the product

Product Name: BROADCOM 54g Wireless LAN Mini PCI Card

Model #'s: BCM94306MP and BCM94306MPSG

to which this declaration relates, has two variants of base-band controller IC, referred to as P20 (B0) and P30 (C0). These IC versions are functionally identical and have the same package and pin layout. The only hardware difference between these two IC's is that the amount of silicon utilized in the IC package has been reduced by a factor of 4 in the later P30 version.
