Attn: Bette Taube

To Whom It May Concern:

This letter is written to serve as an official request that FCC application TC430042 for FCCID: QDSBRCM1018 be dismissed from the FCC's database.

Recently, MET Laboratories filed an FCC-TCB application for Broadcom Corporation's Bluetooth Device (FCCID: QDS-BRCM1018). Upon review after the filing process, it was noted that there were some errors, which occurred during the application. Namely the "-" was left out of the FCCID, and the Grant notes were excluded entirely from the Grant. The original application was filed under FCCID QDSBRCM1018. This was an error. It has since been refilled under FCCID: QDS-BRCM1018.

Please dismiss the original application for FCCID: QDSBRCM1018 (TC430042). Thank you very much for your help and cooperation regarding this matter. They are both greatly appreciated. Have a beautiful day!

Sincerely,

A handwritten signature in cursive script that reads "Marie Ann Confroy".
