Attn: OET Dept.

Ref: FCC Class II Permissive change for FCC ID: QDS-BRCM1024  
(Original Grant date: 6/29/06)  
Applicant: Broadcom Corporation

Dear Examiner,

This is to request a Class II permissive change for FCC ID: QDS-BRCM1024 originally granted on 6/29/06.

The change filed under this application is:

Change Adding 5470-5725MHz Band with DFS function.

The device cannot be set to any non-US frequency. The device does not allow ad-hoc networking or beaconing on any frequency for which DFS is required. The new frequencies are added in the factory with new firmware settings in SROM and upgraded software to support this functionality. Field upgrades are not allowed and end users do not have access to the firmware controls.

If you have any questions regarding this application, please feel free to contact me.

Sincerely yours,

A handwritten signature in red ink, appearing to read "D. Lawless", is written over the "Sincerely yours," text.
