(Original Grant date: 07/28/2007)  
Applicant: Broadcom Corporation

Dear Examiner,

This is to request a Class II permissive change for FCC ID: QDS-BRCM1028, originally granted on 07/28/2007.

The major change filed under this application is:

1. Add portable platform, Dell PP39S.
2. Implementation of a bios lock feature to allow for user installation in Dell platforms.

The antennas used on PP39S are of the same type as Hitachi HFT17-DL07, which was already certified in previous filing for FCC ID: QDS-BRCM1028, and have lower gains.

If you have any questions regarding this application, please feel free to contact me.

Sincerely yours,
