(Original Grant date: July 14, 2015)  
Applicant: Broadcom Corporation

Dear Examiner,

This is to request a Class II permissive change for FCC ID: QDS-BRCM1087. There are no hardware or electrical modifications to the applicable modular transmitter.

The major change filed under this application is:

Change #1 : Adding portable platforms, Lenovo YOGA 710-15ISK and Lenovo YOGA 710-15IKB. The hosts have the same antenna type as originally approved with lower gains.

The installation and operating requirements, that detail the restrictions, separation distances and antenna requirements for the modular conditions covered by the equipment authorization, are documented in the instructions provided to OEM integrators.

If you have any questions regarding this application, please feel free to contact me.

Sincerely,
