Attention: Application Examiner
Reviewing Engineer

Re: Request for confidentiality

Applicant: Geophysical Survey Systems, Inc.
FRN: 0007-2729-25
FCC ID: QF7MINISIR

To whom it may concern,

Request is hereby submitted by Geophysical Survey Systems, Inc., to withhold from public review certain portions of the application for equipment certification for the referenced FCC identifier. In particular, the following sections of the application are requested to be kept confidential:

- Schematics
- Detailed Block diagrams
- Detailed Operational/Functional Description
- Internal photographs

Rationale for request for confidentiality:

Geophysical Survey Systems, Inc. has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us.

A separate letter justifying confidential treatment of the internal photographs is included.

The fee for confidentiality has been submitted along with the fee for certification. If you have questions or need further information, please contact the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read "Alan Schutz", is written over a light blue horizontal line.
