**Attention: Equipment Authorization Branch**

**CORRECTION TO POWER OUTPUT IN FORM 731**

Unfortunately there is mistake in Form 731 of QFXRM-235 DSS equipment class part. Instead of correct value of conducted power output of 0.000851W (i.e. 0.851mW) for frequency range 2402-2480MHz, 0.851W was typed in.

**Please revise Form 731 accordingly at the time of review.**

Kind Regards,  
Guido Paland
