RE: FCC ID: QFXRM-84_ATCB004125

Attention: Steve May

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Please note that the 731 states that the PC is for part 24, part 15C and part 25B. However, only a test report for part 24 has been provided. IF the changes are for part 15C and 15B, please provide the necessary test reports for those rule parts. If the PC is only for part 24 please justify no change to part 15C and 15B.
2. Please provide data showing compliance to the radiated spurious emissions portion of part 24. Alternately, please justify why radiated emissions is not affected by the changes implemented.
3. Please provide internal photos showing the changes if possible.

Dennis Ward

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
