Jas:

Thank you for confirming FCC ID of module.

- 1) We will continue review while waiting for #1.
- 2) OK
- 3) FCC label did not appear to be identified as such in label photo provided, please confirm that attachment is correct.

Regards,
Roland Gubisch
ITS

Roland:

Thank you for the prompt reply.

Yes, Malibu is having FCC approved device AIR-LMC350 manufactured by Cisco.
It is FCC ID: LDK 102040 and CSA 246 1103 2079A.
Malibu FCC ID: QGQ-AM241 and grant is attached for your review.

Requested documents:

1. Operational description is under request and will be sent to you as I receive.
2. No additional docs required.
3. Label location picture was enclosed in External picture package and I have attached again for your review.

I will appreciate your help to expedite this grant.

Regards,
Jas
