Re: EZtalk Product Names

Pursuant to your request, this letter is to verify that EZtalk and EZtalk2 refer to the identical product. The suffix "2" in EZtalk2 as used on the PCB and schematics refers to the version number of the printed circuit board, and not to version of the product. Parts list, Users Manual, and Operating Description are identical for EZtalk and EZtalk2.

Sincerely,

Tjet Sun  
Technical Consultant, Skypower
