#4 – 8021 Edgar Ind. Place, Red Deer, AB T4P 3R3

March 16, 2009

To Whom it May Concern,

This letter certifies that there was no measurable cabinet radiation from the TLUD-30, even at 0.5 meters. Measurements were conducted as per Industry Canada BETS-4, section 6.6 and FCC Part 74.736. All measurements were well below 60dBc including those of harmonics and all other spurious emissions.
