

Date: January 20, 2014

Itron OEMs:

This note serves as an additional agreement between Itron and its OEMs stating that the OEMs will use the Itron module kV2c-AMPZ in accordance with the FCC rules on limited modular approval devices. The unit will be professionally installed and all hosts will be tested for compliance with the kV2c-AMPZ module installed.

Confidentiality of the Internal Photos is being requested because this is a non-consumer device which is not accessible by the general public, professionally installed, and is only serviceable by the applicant or designated technicians.

Please feel free to contact me with any questions.

Sincerely,

A handwritten signature in black ink that reads "Mike Mathis". The signature is written in a cursive, flowing style.

Mike Mathis
Regulatory Engineer
