

EXTERNAL PHOTOS OF TESTED EUT

General views

A blue rectangular electronic device, identified as a TAGSYS Medio L40 receiver. The front panel features a green multi-pin connector on the left labeled "Extension". To its right are four silver-colored coaxial connectors labeled "Ch4", "Ch3", "Ch2", and "Ch1" from left to right. A fifth coaxial connector on the far right is labeled "RF". The TAGSYS logo is printed on the left side of the front panel, and "Medio L40" is printed on the right side. A small white label with handwritten text "2-12-02" and "10000000" is attached to the top left corner.
