

**Justification of the modifications of the FCC ID: QHKGMEOL40**

Following the decision to halt the manufacturing of the Medio L400-4 Channels & -2 Channels HF RFID Reader products, all antennas they supported will now be supported by the Medio L40 HF Reader.

These antennae are:

- Tunnel Antenna 50 by 50mm
- TR-SA Laundry Stack Antenna
- Aero LC / Aero LB
- TR CA U

Furthermore, in order to anticipate components obsolescence several Mains Power Supply Units were added:

- XP Power
- VP Electronic
- Traco Power
- Schneider
