■ Bluetooth Instruction

(Note: The device is AF-MCB04, pair code: 0000)

1. Switch the button to "ON", after 3 seconds, hear the Beep once, then the blue indicator will flash quickly and it means that it has entered Bluetooth pairing status.
2. Starting up the Bluetooth function of mobile phone to search for Bluetooth device. When the mobile finds the Bluetooth device (AF-MCB04), select it and it will be prompted for a password (Note: some mobile phone can be connected directly without entering pairing code, and if the mobile phone had already been paired before, it is also unnecessary to enter pairing code), enter "0000" number, press "Yes" to connect the Bluetooth device (AF-MCB04).
3. The mobile phone will show the sign of success after it connects to Bluetooth.
4. Set up the play mode to Bluetooth output. Play music on your mobile phone. Music volume can be increased or decreased by adjusting the volume of phone.
5. Bluetooth re-connection
 - a. When the phone and Bluetooth communication beyond the effective range ($\geq 10M$), it will be disconnected. After the phone back to the effective range ($\leq 10M$), you have to reconnect phone and Bluetooth to make it work again.
 - b. When Bluetooth power is cut off, re-switch to the Bluetooth status, select Bluetooth to connect.

■ Low battery indication

When battery is low, the Bluetooth speaker will make a beep every 30seconds during playing music, please recharge it in time to continuous use.

■ Recharging battery:

Plug micro USB cable into the 5V socket, connect to USB port of Computer for charging battery, the signal light turns red, and will keep red when charging.

■ Product's Specifications

Power output: 2.0W
SNR: $\geq 85+2dB$
Speakers: D36mm (180HZ-20KHZ)
Lithium polymer battery input: 250mAh (DC5V)
Dimension: 43*50mm, single weight: 56g
Material: ABS
Bluetooth version: 3.0
Bluetooth effective range: up to 10meters
