Long press 8seconds to separate Bluetooth speaker paring status, Blue LED light flash quickly and hear third prompt tone

Long press 3seconds to power off, hear prompt tone and LED dieout

## Functional operation:

1. Separate Bluetooth speaker

Long press " > II " for 2 seconds to power on, hear first prompt tone and Blue LED light flash, don't loosen the button until you hear the third prompt tone and Blue LED light flash quickly, it means that it has entered Bluetooth paring status.

Start up the Bluetooth function of your mobile phone to search for Bluetooth device(Pair), select it and it will be prompted for a password

(Note: some mobile phone can be connected directly without entering pairing code), enter "0000" number, press "YES" to connect the Bluetooth device(Pair).

3

The separate Bluetooth speaker is ready for use.

2

2. Two Bluetooth speaker work together
Long press " >II" for 2 seconds to power on, hear first prompt tone
and Blue LED light flash, don't loosen the button until you hear the
second prompt tone and Blue LED light flash 4 times every 1.7seconds,
it means that it has entered two Bluetooth speaker paring status. (You
can do it together or do it one by one.)

After about 10 seconds, hear prompt tone from the two speakers, meanwhile, LED light of the two speakers flash quickly, the two Bluetooth speakers pairing successfully.

Start up the Bluetooth function of your mobile phone to search

for Bluetooth device(Pair), select it and it will be prompted for a password (Note: some mobile phone can be connected directly without entering pairing code), enter "0000" number, press "YES" to connect the Bluetooth device(Pair).

The two Bluetooth speakers are ready for use. One speaker is with steady blue LED light (vice speaker) and the other one with blue LED light flash quickly (main speaker).

3. Hands free function

When you listen to music via Bluetooth, if there is incoming call, the music will be interrupted automatically. Short press "▶II" of main speaker (during two Bluetooth speaker work together) to answer the call, you can talk and hear clearly from the speaker directly, instead of from mobile phone. Press twice "▶II" to refuse call. The effective distance between the Bluetooth speaker and your mouth is within 20.50mes

- Starting Bluetooth status, the speaker can be standby within 5 minutes, after 10 minutes, the Bluetooth speaker will Power off automatically and you will hear prompt tone.
- Line-in function: Connect it to any device with a 3.5mm interface to play music. Please note: The Answer/End call/Play/Pause buttons on speaker is workable when Line in, except the Vol+ -, Prev/Next, which are only work when Bluetooth.
- 6. Recharging battery:
- (1). Confirm the power is off
- (2). Plug the provided micro USB charging cable into the speaker and an active computer USB port. The signal light turns red, and will keep red when charging. It will die out after full charged.

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
