FIRST: Charging the Headset

This headset has an internal rechargeable battery. The battery must be fully charged before you can start using the headset.

Via travel charger   (charge time it approximately 2.5 hrs):

1. Connect the charger to the standard AC power socket.
2. Connect one end of the USB cable to the charger, and the other end to the charge interface of the headset (**6**).

Red light ON – Charging
Red light OFF – Fully Charged
(Purchase individually, not include in the set)

Via USB charging cable

1. Connect the USB charging cable to the USB interface of the computer.
2. Connect the other end of the USB cable to the charger of the headset (**6**).

Red light ON – Charging
Red light OFF – Fully Charged

SECOND: Pairing the Headset to Device

Notes:

• The pairing mode lasts for 2 minutes. The headset will automatically switch to standby mode if no pair is made with any devices over 2 minutes.

• If no device connection is made within 5 minutes of the headset being switched on, the headset will automatically be switched off to save power.

• After a successful pairing devices will memorize each. Therefore, no pairing will be needed next time.

PAIR THE HEADSET WITH A BLUETOOTH CELL PHONE

First, please make sure the bluetooth function is available for the cell phone. Specific pairing procedures will be different depending on different cell phone. For detailed information, please refer to your cell phone's User Guide.

1. Keep the distance between the cell phone and the headset within 3 feet.
2. To start pairing, make sure the headset is switched off. To do that, press and hold the multifunction key (**6**) for about 5 seconds and release it until the alternative flash of red and green lights (one long and two short beeps will sound).
3. Switch on the headset by pressing and holding the multifunction key (**5**) for about 3 seconds and release it until blue light flashes.
4. Activate the bluetooth function of the cell phone, to search for the Bluetooth devices. After finishing the search, select "E06" in the device list displayed.
5. Press "yes" or "enter" key to confirm the successful pairing in accordance with the hint of the cell phone.
6. After the successful connection, the blue light of the headset will flash quickly twice every four seconds.

Note:

• Cell Phone with Bluetooth version lower than V4.0 will require for password or PIN code entry: "oooo".
