**Attention: Application Examiner / Review Engineer**

**Subject: Request for Dismissal – FCC ID QIPAC75I**

To The Commission:

We Cinterion Wireless Modules GmbH (Grantee Code QIP) request hereby a dismissal for following application(s):

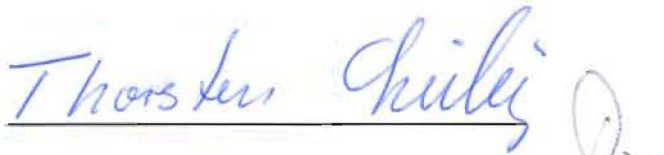

FCC ID QIPAC75I – Grant issued 08/05/2008 – Change in Identification (TC185624)  
FCC ID QIPAC75I – Grant issued 08/05/2008 – Class II Permissive Change (TC815825)

The existing §2.922 Change In Identification filing refers to a wrong filing (FCC ID QIPMC75I; Grant issued 06/11/2008) by mistake. Therefore the differences between these two devices can hereby not be covered by a Class II Permissive Change.

We decided to apply for a new equipment authorization for our device with FCC ID QIPAC75I to be more flexible with the specific customer demands.

We also hereby confirm, that the above listed device **has not been marketed so far.**

Sincerely

Thorsten Liebig
