Request for Single Modular Approval for **QIPAHS3-US**

To Whom It May Concern:

We, Cinterion Wireless Modules GmbH, hereby requests for single modular approval acc to FCC KDB 996369 "Transmitter Module Equipment Authorization Guide"

Brand/Trade/Manufacturer's name: Cinterion Wireless Module AHS3-US
Model name: AHS3-US
FCC certification number: QIPAHS3-US

Cinterion confirms that the product complies with the requirements acc to FCC KDB 996369 identified below:

1. The modular transmitter has its own RF shielding.
2. The module has buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal
3. The module has its own power supply regulation on the module.
5. The modular transmitter is tested in a stand-alone configuration.
6. The modular transmitter is labelled with its own FCC ID number. Labelling instructions for host devices are stated in the integration manual.
7. The modular transmitter is comply with any specific rules or operating requirements that ordinarily apply to a complete transmitter and the manufacturer provide adequate instructions along with the module to explain any such requirements
8. The modular transmitter complies with RF exposure requirements for mobile and fixed host devices in its final configuration.
