## Request for Short Term Confidentiality FCC ID: QIPAH3-W

To Whom It May Concern:

In accordance with §0.459(d) of CFR 47 and Public Notice DA 04-1705, **Cinterion** requests

The following item

1. User Guide / Installation Manual
2. Internal Photographs

be held short term confidential until 31<sup>th</sup> of December 2012

These items contain detailed system and equipment description and related information about the product which **Cinterion** considers to be proprietary, confidential and a custom design which otherwise would not be released to the general public. Since this design is a basis from which future technological products will evolve, **Cinterion** also feels that this information would be of benefit to its competitors, and that the disclosure of the information in these exhibits would give our competitors an unfair advantage in the market.
