## Declaration on Test Result Applicability

We, Gemalto M2M GmbH, declare on our sole responsibility that the Module:

**ALS3-US**, HW Revision 2.3 (LTE, W-CDMA, GSM Data/Voice Module)

is in all RF related HW and SW identical to the Module:

**PLS8-X**, HW Revision 2.3 (LTE, W-CDMA, GSM Data only Module)

Both Modules are identical in PCB, schematic and components. The only difference is the deactivated LTE Band 13 on ALS3-US and the population of analog Audio Codec . The not used LTE Band 13 components are depopulated on ALS3-US.

Therefore all RF Test Results of PLS8-X (excluding LTE Band 13) are applicable for ALS3-US.

If you have any questions, please feel free to contact us at the address shown above.

Sincerely,

Thorsten Liebig
