**Subject: Cover letter for Confidentiality request FCC ID: QIPBGS8**

To Whom It May Concern:

In accordance with FCC rules 47 CFR 0.457(d), Gemalto M2M GmbH requests confidentiality for the following items:

1. Block Diagram and Schematics
2. Part List and Tune-Up procedure
3. Operational description and User manual
4. Internal photos

These items contain detailed system and equipment description and related information about the product which Gemalto M2M GmbH considers to be proprietary, confidential and a custom design which otherwise would only released to qualified tech and is not released to the general public. Since this design is a basis from which future technological product will evolve, Gemalto M2M GmbH also feels that this information would be of benefit to its competitors, and that the disclosure of the information in these exhibits would give our competitors an unfair advantage in the market.

In accordance with KDB726920 D01v01 and FCC inquiry no. 736961 Confidentiality Procedures, internal photos as well as user's manual should be held also long term confidential. Both documents contain trade secrets and proprietary information not customarily released to the public. The public disclosure of these materials may be harmful to the applicant and provide unjustified benefits to its competitors. Documents contains exclusively technical information intended only for trained and appropriate user (module integrator) given to them under NDA only to ensure not to share information with third parties.

Furthermore, in accordance with §0.459(d) of CFR 47 and Public Notice DA 04-1705, Gemalto M2M GmbH requests short term confidentiality for the following items of product BGS8 for a period of 180 days from the date of the Grant of Equipment Authorization and prior to marketing:

1. External Photos
2. Test Setup Photos

Sincerely,

Thorsten Liebig (Manager Approvals)

Dr. Jörg Rook (Head of System Test)
