

FCC ID: QISCCO01A

Test

Setup

1. Radiated Emission

Overhead installation, Location 1, Test Point 0m, lower than 30MHz

Overhead installation, Location 1, Test Point 0m, higher than 30MHz

Overhead installation, Location 1, Test Point 30.9m, lower than 30MHz

Overhead installation, Location 1, Test Point 30.9m, higher than 30MHz

Overhead installation, Location 2, Test Point 0m, lower than 30MHz

Overhead installation, Location 2, Test Point 0m, higher than 30MHz

Overhead installation, Location 2, Test Point 10.3m, lower than 30MHz

Overhead installation, Location 2, Test Point 10.3m, higher than 30MHz

Overhead installation, Location 3, Test Point 0m, lower than 30MHz

Overhead installation, Location 3, Test Point 0m, higher than 30MHz

Overhead installation, Location 3, Test Point 82.4m, lower than 30MHz

Overhead installation, Location 3, Test Point 82.4m, higher than 30MHz

Underground installation, Location 1, lower than 30MHz

Underground installation, Location 1, higher than 30MHz

Underground installation, Location 2, lower than 30MHz

Underground installation, Location 2, higher than 30MHz

Underground installation, Location 3, lower than 30MHz

Underground installation, Location 3, higher than 30MHz
