Address: Huawei Industrial Base Bantian, Longgang 518129 Shenzhen, Guangdong, China

## Limited Modular Approval Request Letter

**FCC ID:** QISEND1CTLA

**To the certification reviewer:**

We are hereby applying for a limited modular approval of the above-referenced FCC ID, The requirements of Public Notice DA00-1407 have been met and shown on the following below.

<b>Requirement per 15.212</b>	<b>reference</b>
(i) The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly;	There is no RF shielding on the module. Request for Limited Modular Approval.
(ii) The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal;	All modulation and data inputs are buffered by circuitry on the transmitter chip.
(iii) The module must contain power supply regulation on the module;	No. Request for Limited Modular Approval.
(iv) The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per §§ 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b);	The embedded antennas are considered permanently attached. The professional installation is needed.
(v) The module must demonstrate compliance in a stand-alone configuration;	The module was tested as a stand alone.
(vi) The module must be labeled with its permanently affixed FCC ID label, or use an electronic display (see KDB Publication 784748);	Refer to the proposed regulatory label provided.

(vii) The module must comply with all specific rules applicable to the transmitter, including all the conditions provided in the integration instructions by the grantee;	Refer to the OEM installation guide.
(viii) The module must comply with RF exposure requirements	Refer to MPE calculation in Test report.

Sincerely,

[signature]
