Applicable Product Part: 11875 DEV GOJOH (RX7500) and 11939 DEV GOJOH2 (RX7600)

Description of FCC Labeling for RX7500 RX7600 Series Radar Detector

For FCC Part 15 Order FCC02-211 compliance.

PNI FCC file for FCC License QJ3-IFS-11875

Purpose

This document describes the discrete models and marketing names used under the FCC license QJ3-IFS-11875. Additionally this document describes the placement of the FCC ID label and notifications placed on the product and in the user manuals.

Procedure

2/27/04

PNI Corp part number 11875 and 11939 will use the marketing name Silver Bullet RX7500 and Silver Bullet RX7600 respectively. The FCC ID label will appear as shown in figure 1 below. Figure 2 shows the placement of the label on the bottom of the unit, while Figure 3 shows the FCC license information used in the manual on the first production run in July of 2004.
