

Response to TCB Findings

1. Please supply external pictures of the Tablet PC
Please refer to appendix B4 attached.

2. Please confirm with your client that the user's manual of the WLAN will be supplied to the end users of the Tablet PC's.
Fujitsu Ltd has confirmed that the WLAN user manual will be supplied to the end users of the LIFEBOOK Pentablet.

3. Please supply system validation data using the probe ET3DV6 - SN1380. We can see that the validation measurement has been done with probe ET3DV6 -SN1377.
The incorrect plot was attached to the original report. The correct SAR Validation plot has now been inserted. Also, external photos of the test sample have been added to the Appendix. The report has been re-issued.
