Test Setup Photos

User Manual

The above material contains proprietary information not customarily released to the public. The device is being used for covert surveillance operations by Federal Agencies and State/Local Police Forces worldwide, in the fight against terrorism and organized crime. Disclosing images of the device and it's modes of operation will potentially jeopardized the operations and investigations where it is being used and ultimately put the lives of involved agents and officers at risk

Yours sincerely

Lars Julsgaard, HW Manager - +4587918122
