Connect your detector to your smartphone via Bluetooth®

A Power on the MAX 3.
Make sure the unit is connected to your car's 12V port.

B Install and run the ESCORT Live app on your smartphone.

Note: The first time you run the app, you will be prompted to register a new account.

C In the ESCORT Live app, press the Menu button then select "Devices".

MENU Button

D Select "MAX 3" from the list.

E In the ESCORT Live app, the MAX 3 entry will display "Connected" when it has paired. Press the "Menu" button then "Home" to return to the Map screen.

F You're all set!

Download on the **App Store**

ANDROID APP ON **Google play**

UPDATES KEEP YOUR DETECTOR FUTURE-PROOF

IMPORTANT: Because of emerging radar technologies in newer vehicles, Escort is constantly updating its products' software to keep your product performing at its best, every day.

MAX 3 can be updated using a USB A/Mini B cable and our Detector Tools Pro software available on our web site.
