Re: Relationship between Beltronics Manufacturing
Corp and ESCORT Inc.

This letter clarifies the relationship between ESCORT Inc. and Beltronics Manufacturing Corp.

Beltronics Manufacturing Corp is a nova Scotia Unlimited Liability Corporation which is 100% owned by Beltronics USA, an Illinois Corporation. Beltronics USA is 100% owned by ESCORT Inc., an Illinois Corporation.

ESCORT and Beltronics products are set up to compete in the retail marketplace. As such, the designs are differentiated by product names, aesthetics, features, and distribution differences. Although the microwave receiver sections of ESCORT and Bel products are nearly identical, it is desirable to have separate FCC identification numbers for ESCORT and Beltronics.

If you require additional information , please advise.

Best regards,

R. G. Blair
President – BELTRONICS
