Re: Attestation Letter

To Whom It May Concern:

To ensure that co-location does not exist in the iPad, Fujitsu has put in place software controls that do not allow the 802.11 radio transmitter and Bluetooth transmitter incorporated in this device, the ability to transmit at the same time.

Sincerely,

A handwritten signature in blue ink, appearing to read "Dwayne Andrejczuk". The signature is stylized with a large, sweeping initial "D" and a long, horizontal stroke extending to the right.
