

ID Label/Location info

This document contains a figure showing the label in readable format and two photos. The first photo shows an antenna for orientation. The next photo show, in detail, where the label are going to be placed.

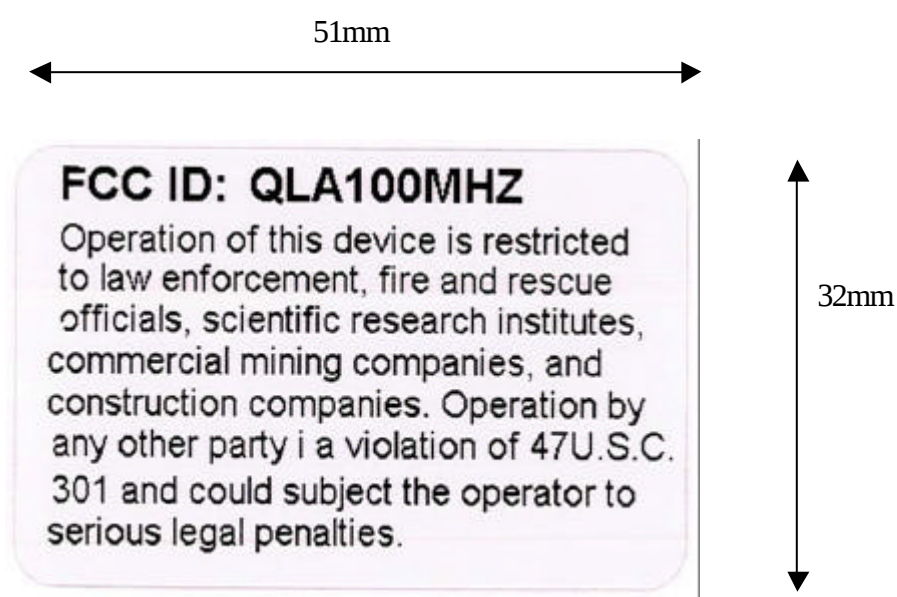

Figure 1. Label.

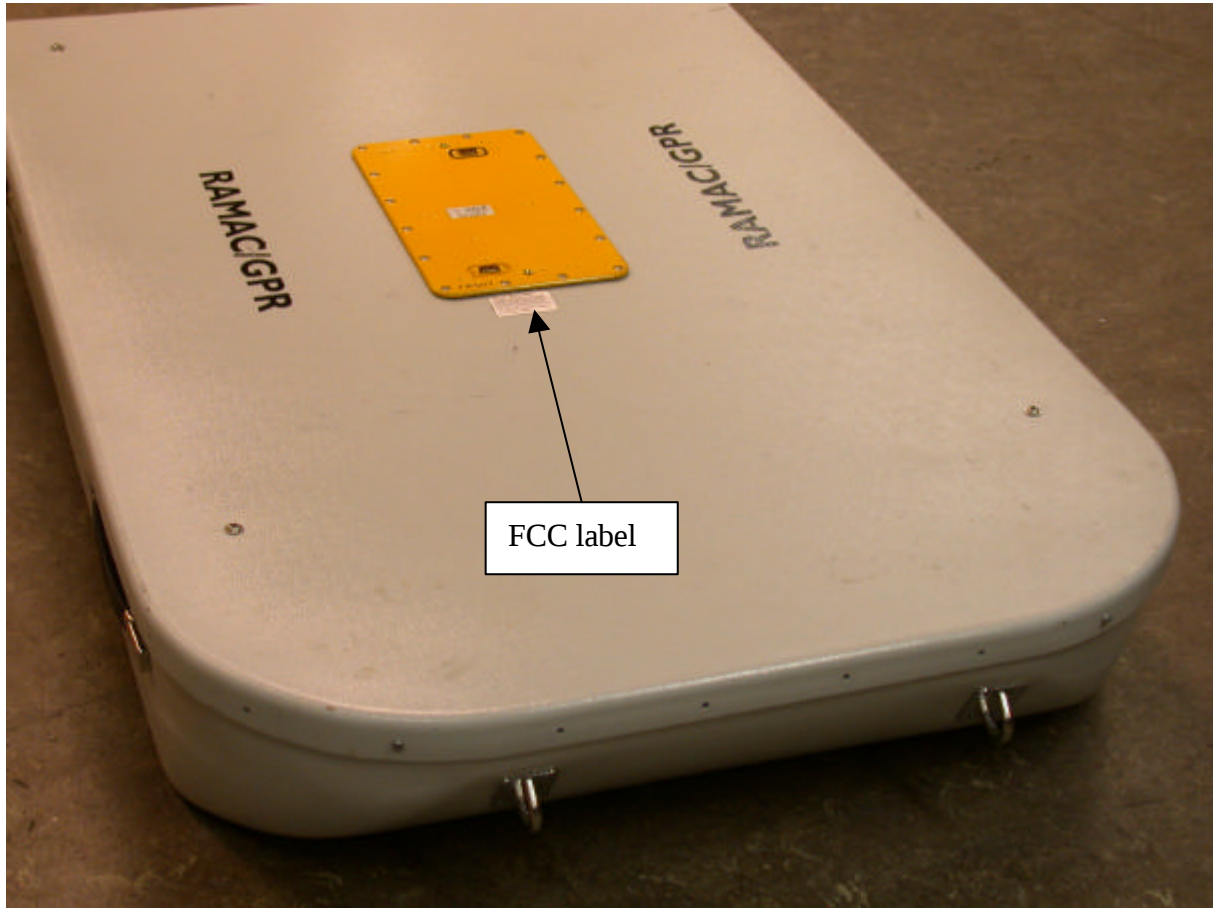

Figure 2. Photo showing the top side of the 100MHz unit with the label located in front of the yellow aluminium plate, visible at all times

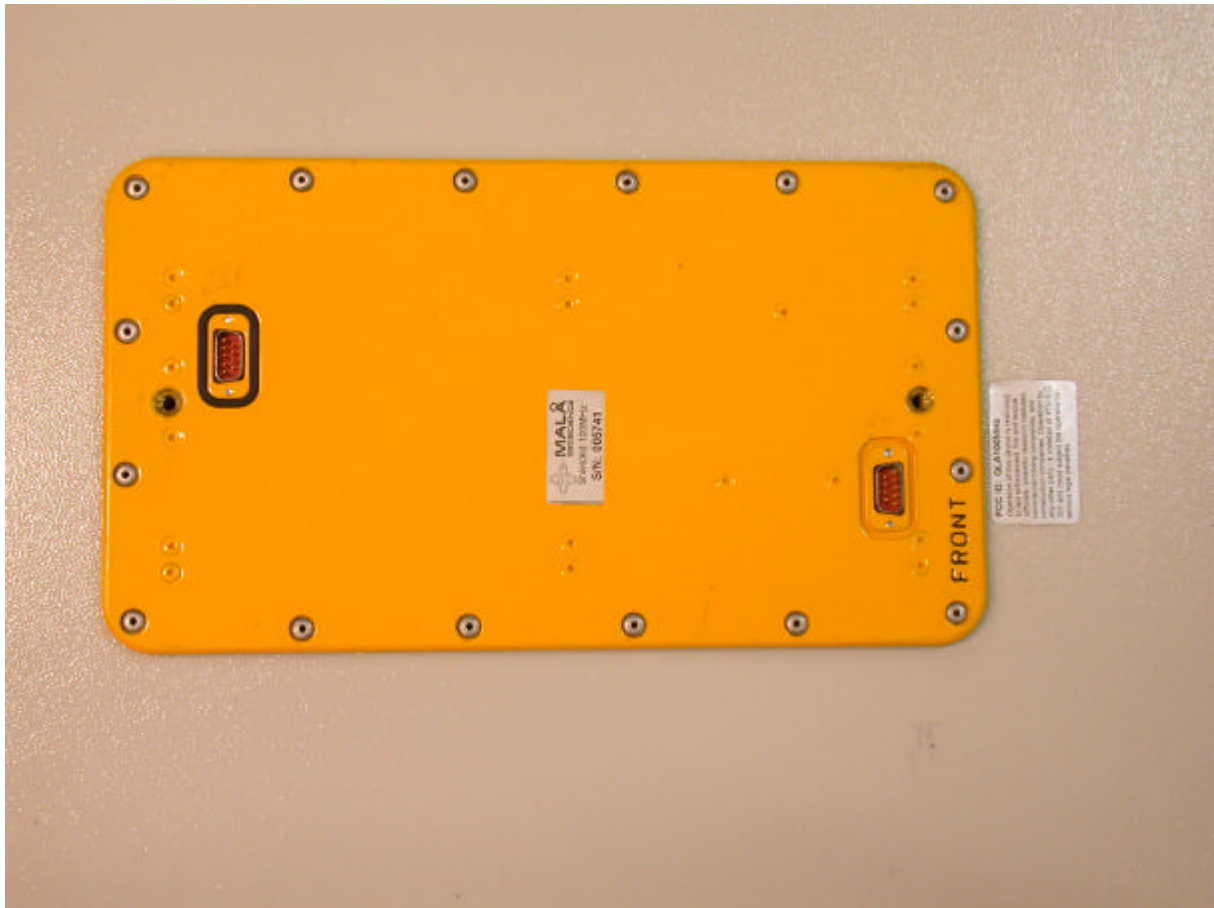

Figure 3. Photo showing label location in detail.
