RE: FCC ID: QLN-DP2310P0001 (Vivato, Inc.)
731 Confirmation #: EA298184

This equipment authorization application includes Appendix E, "Supporting Correspondence from the Federal Communications Commission", which contains two email messages to the applicant generated by Mr. Raymond LaForge and Mr. Joe Dichoso.

In advance of submitting this application, the applicant, Vivato, Inc. (formerly Mabuhay Networks) corresponded with Mr. LaForge and Mr. Dichoso about their product, to ensure that he was correctly addressing the appropriate FCC standards and issues.

The applicant was advised by the FCC to include the email messages with his equipment authorization application, hence their inclusion in Appendix E.

I am not certain if the FCC would prefer that these email messages from Mr. LaForge and Mr. Dichoso remain out of public view. If you believe that these messages should be kept out of public view, please act accordingly.

If there are any questions, please do not hesitate to contact me.

Sincerely,
